a. The report shows that the extension work at the runway was not completed by mid-June 1949. The target date for the completion of this work was reported for the first time. A second source also stated that the runway was to be extended by 3,300 feet, while a third source mentioned an extension by 2,500 feet. In any case, the runway will have a length of more than 6,600 feet.
